Good afternoon Gordon-

I would like to have drafted a non-stat provision for FY09 and FY10 relating to the American Recovery and Reinvestment Act (ARRA) that would increase the income eligibility limit for community action agencies from 125% to 200%. s.49.265 establishes the 125% level, and the 200% would only be applicable in FY09 and FY10.

I believe there are other ARRA-related drafts that this would be combined with.

Let me know if you have any questions. Thanks.

*Analysis by the Legislative Reference Bureau*  
**HEALTH AND HUMAN SERVICES**

**PUBLIC ASSISTANCE**

Under current law, a community action agency approved by the secretary of children and families and by the legislative body of the local governmental unit serviced by the community action agency is required to develop and implement programs designed to serve persons whose income is at or below 125 percent of the poverty line. Those programs may include provisions that will help those persons secure and retain employment, improve their education, make better use of available income, obtain adequate housing and a suitable living environment, secure needed transportation, obtain emergency assistance, participate in community affairs, and use more effectively other available programs. This bill increases the eligibility threshold for participation in a program of a community action agency to 200 percent of the poverty line for fiscal years 2008-09 and 2009-10.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
